THE YEAR OF MOSES

**Senior
Zachary Cooper**

-What was it like playing the role of "Moses"?

"It was a great experience playing the role of Moses and I'll always remember it. The Student section was by far the best this year and I'm glad I had the chance to be the leader of the Red Sea"

Above, Zachary Cooper, aka "Moses" parts the Red Sea during a pep rally honoring the High School Boys basketball team.

GAME TIME

THE BAND

John Leveque plays the drums while being held upside down by his fellow band members at a high school basketball game.

STUDENT SECTION

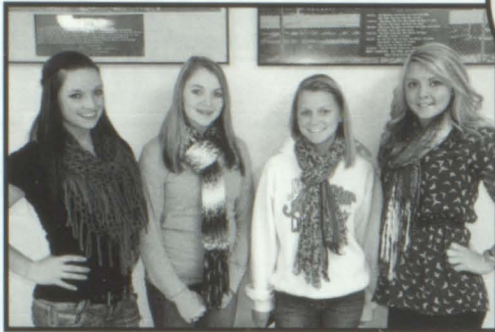

**Sophomore
Levi Garrison**

- What is your opinion about the student section at this year's games?

"I thought the student sections at the games this year were really good! Students had much more enthusiasm and school spirit and I think Moses was a really great idea and I would love to play Moses when I become a senior"

Junior High

Being a Jr. High Student is more work than what people give credit for. It has its advantages and disadvantages. Making a transition from being the top dog in elementary to being the smallest in a new school is challenging.

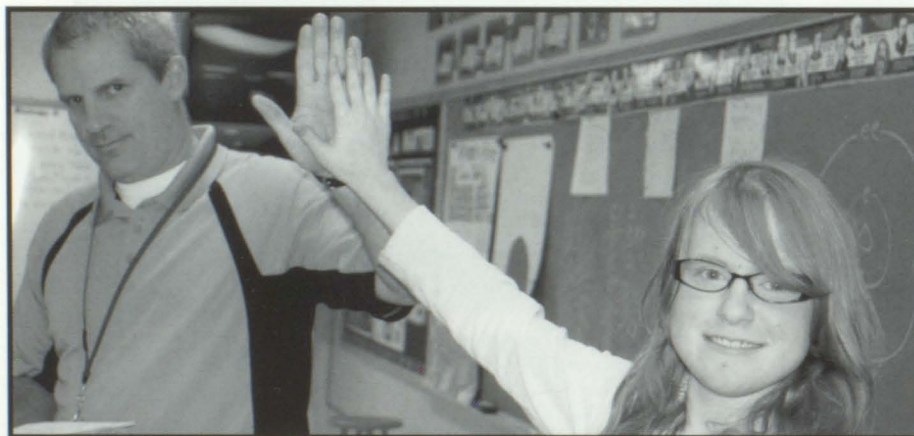

During your Jr. High years, students are still trying to figure out who they are. They will go through many friends, but always remember, true friends stick with you through anything, no matter what! Between grades, activities and crushes, Jr. High kids have a lot to deal with.

Frankton Christian Church is a nondenominational church patterned after the church of the New Testament whose purpose is to serve Christ in this community. We believe Jesus called His church into being as a unified body. In order to promote this unity, we have determined to preach, teach and live the gospel, contained in the Bible.

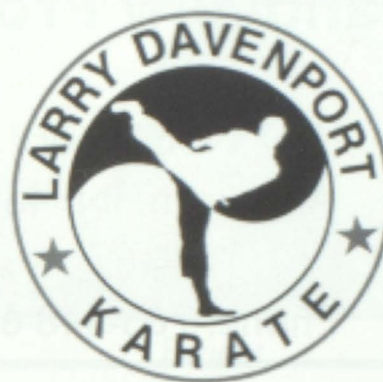

Frankton Christian Church is known for its warm, friendly spirit and Biblical preaching. We invite you to be part of our fellowship, but more importantly, Jesus invites you to become a Christian. Let us introduce you to Him and the joy of being a part of the family of God.

Letter from the Editor,

Congrats Class of 2012!! We did it. Our high school years are finally over.

We are ready to better ourselves in the real world. There were many highlights this school year: Beating Lapel in football, boys basketball grabbing their **FIRST** sectional win, Moses parting the always packed Red Sea, Seniors winning the Homecoming trophy for the first time and many more!

We also had an interesting yearbook staff this year. At times we worked well together and other times better apart. But in the end the pages were finished. I'd like to especially thank those who came in during the summer to help out. Thank you to **Katie Ash**, co-editor, who helped me organize all the pages. **Kelsey Looper** was the most creative and also finished her pages first!

Allie Rogers had the most pages and worked very hard to finish all of them. **Morgan Harvey** and **Emily Swigeart** teamed together to make a marvelous senior section. Any time anyone needed help, we could always depend on **Jake Miller** to be there. He was the ultimate handy man. Thanks so much for all the help! Also thank you to the rest of the staff who helped contribute to this yearbook. And another special thanks to **MrSipe** for supporting me and awarding me the position as editor.

Being on the yearbook staff was sort of like a job, and being the leader of my classmates and friends was difficult at times, but we managed to finish our jobs together. I'm grateful to have been given this opportunity as yearbook editor because it has taught me some skills I'll be using later in life.

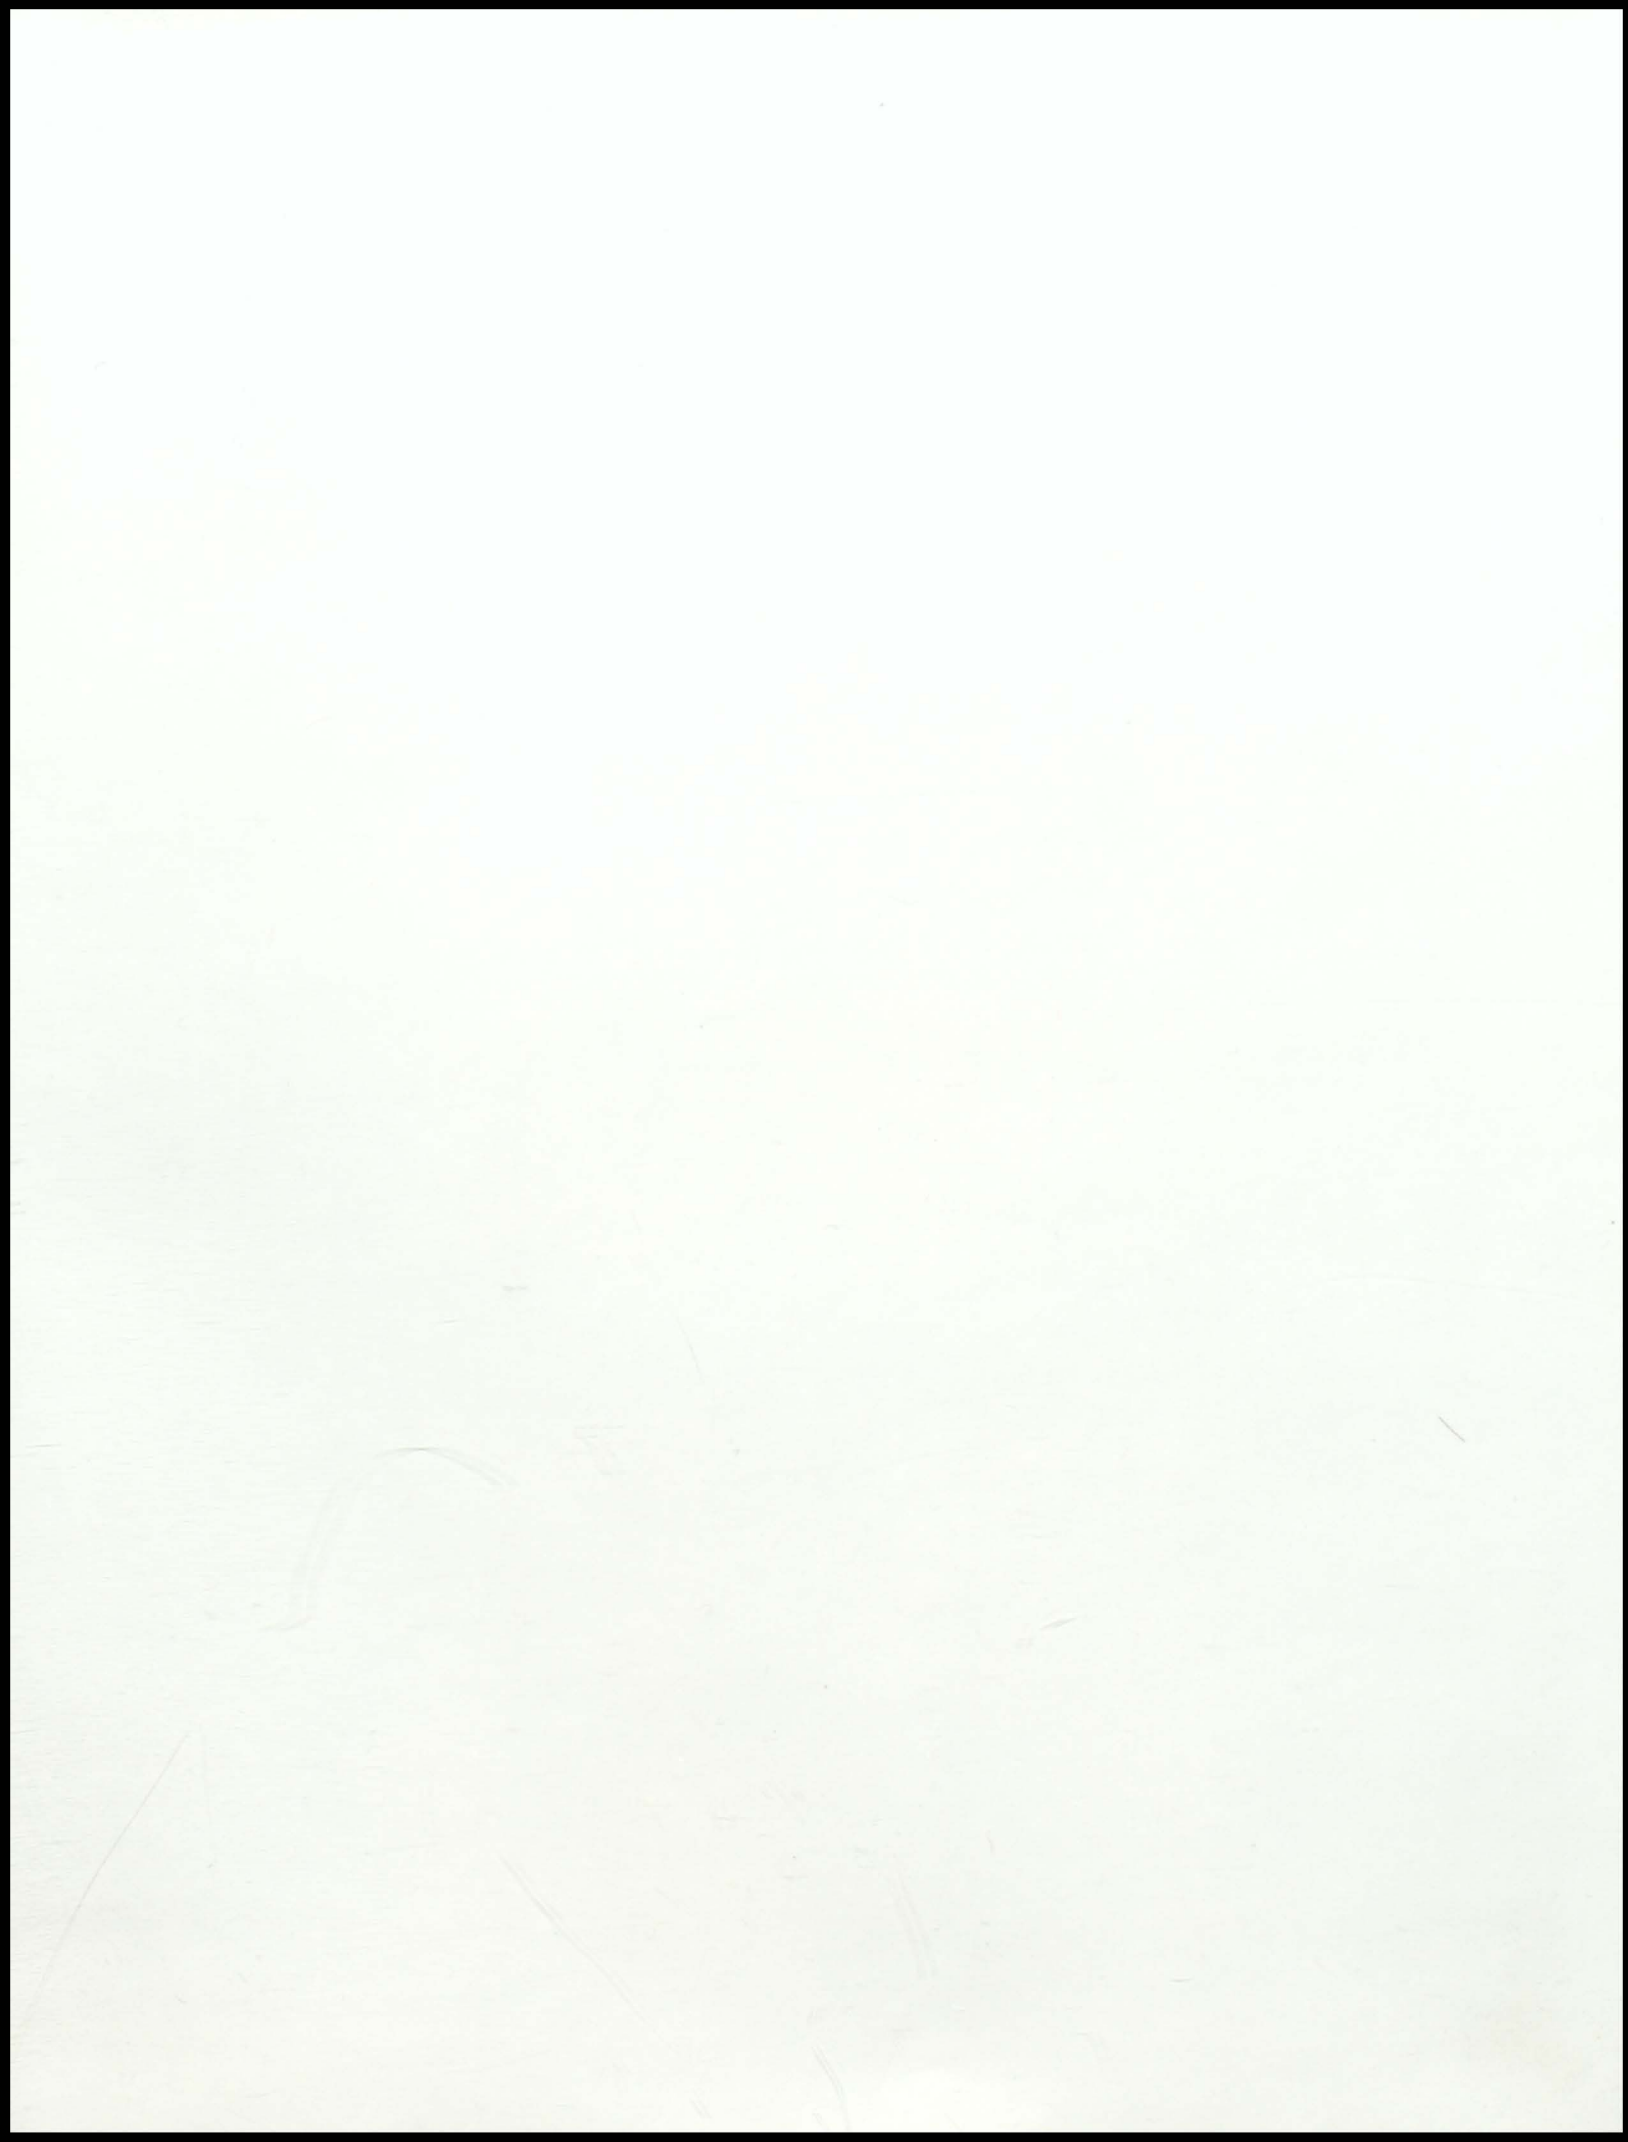

I wish all my classmates the best in life and to always make the best of it because you never know what tomorrow may bring. As we part our separate ways we will always have one thing in common, we will all be Eagles for life! **GO EAGLES!!**

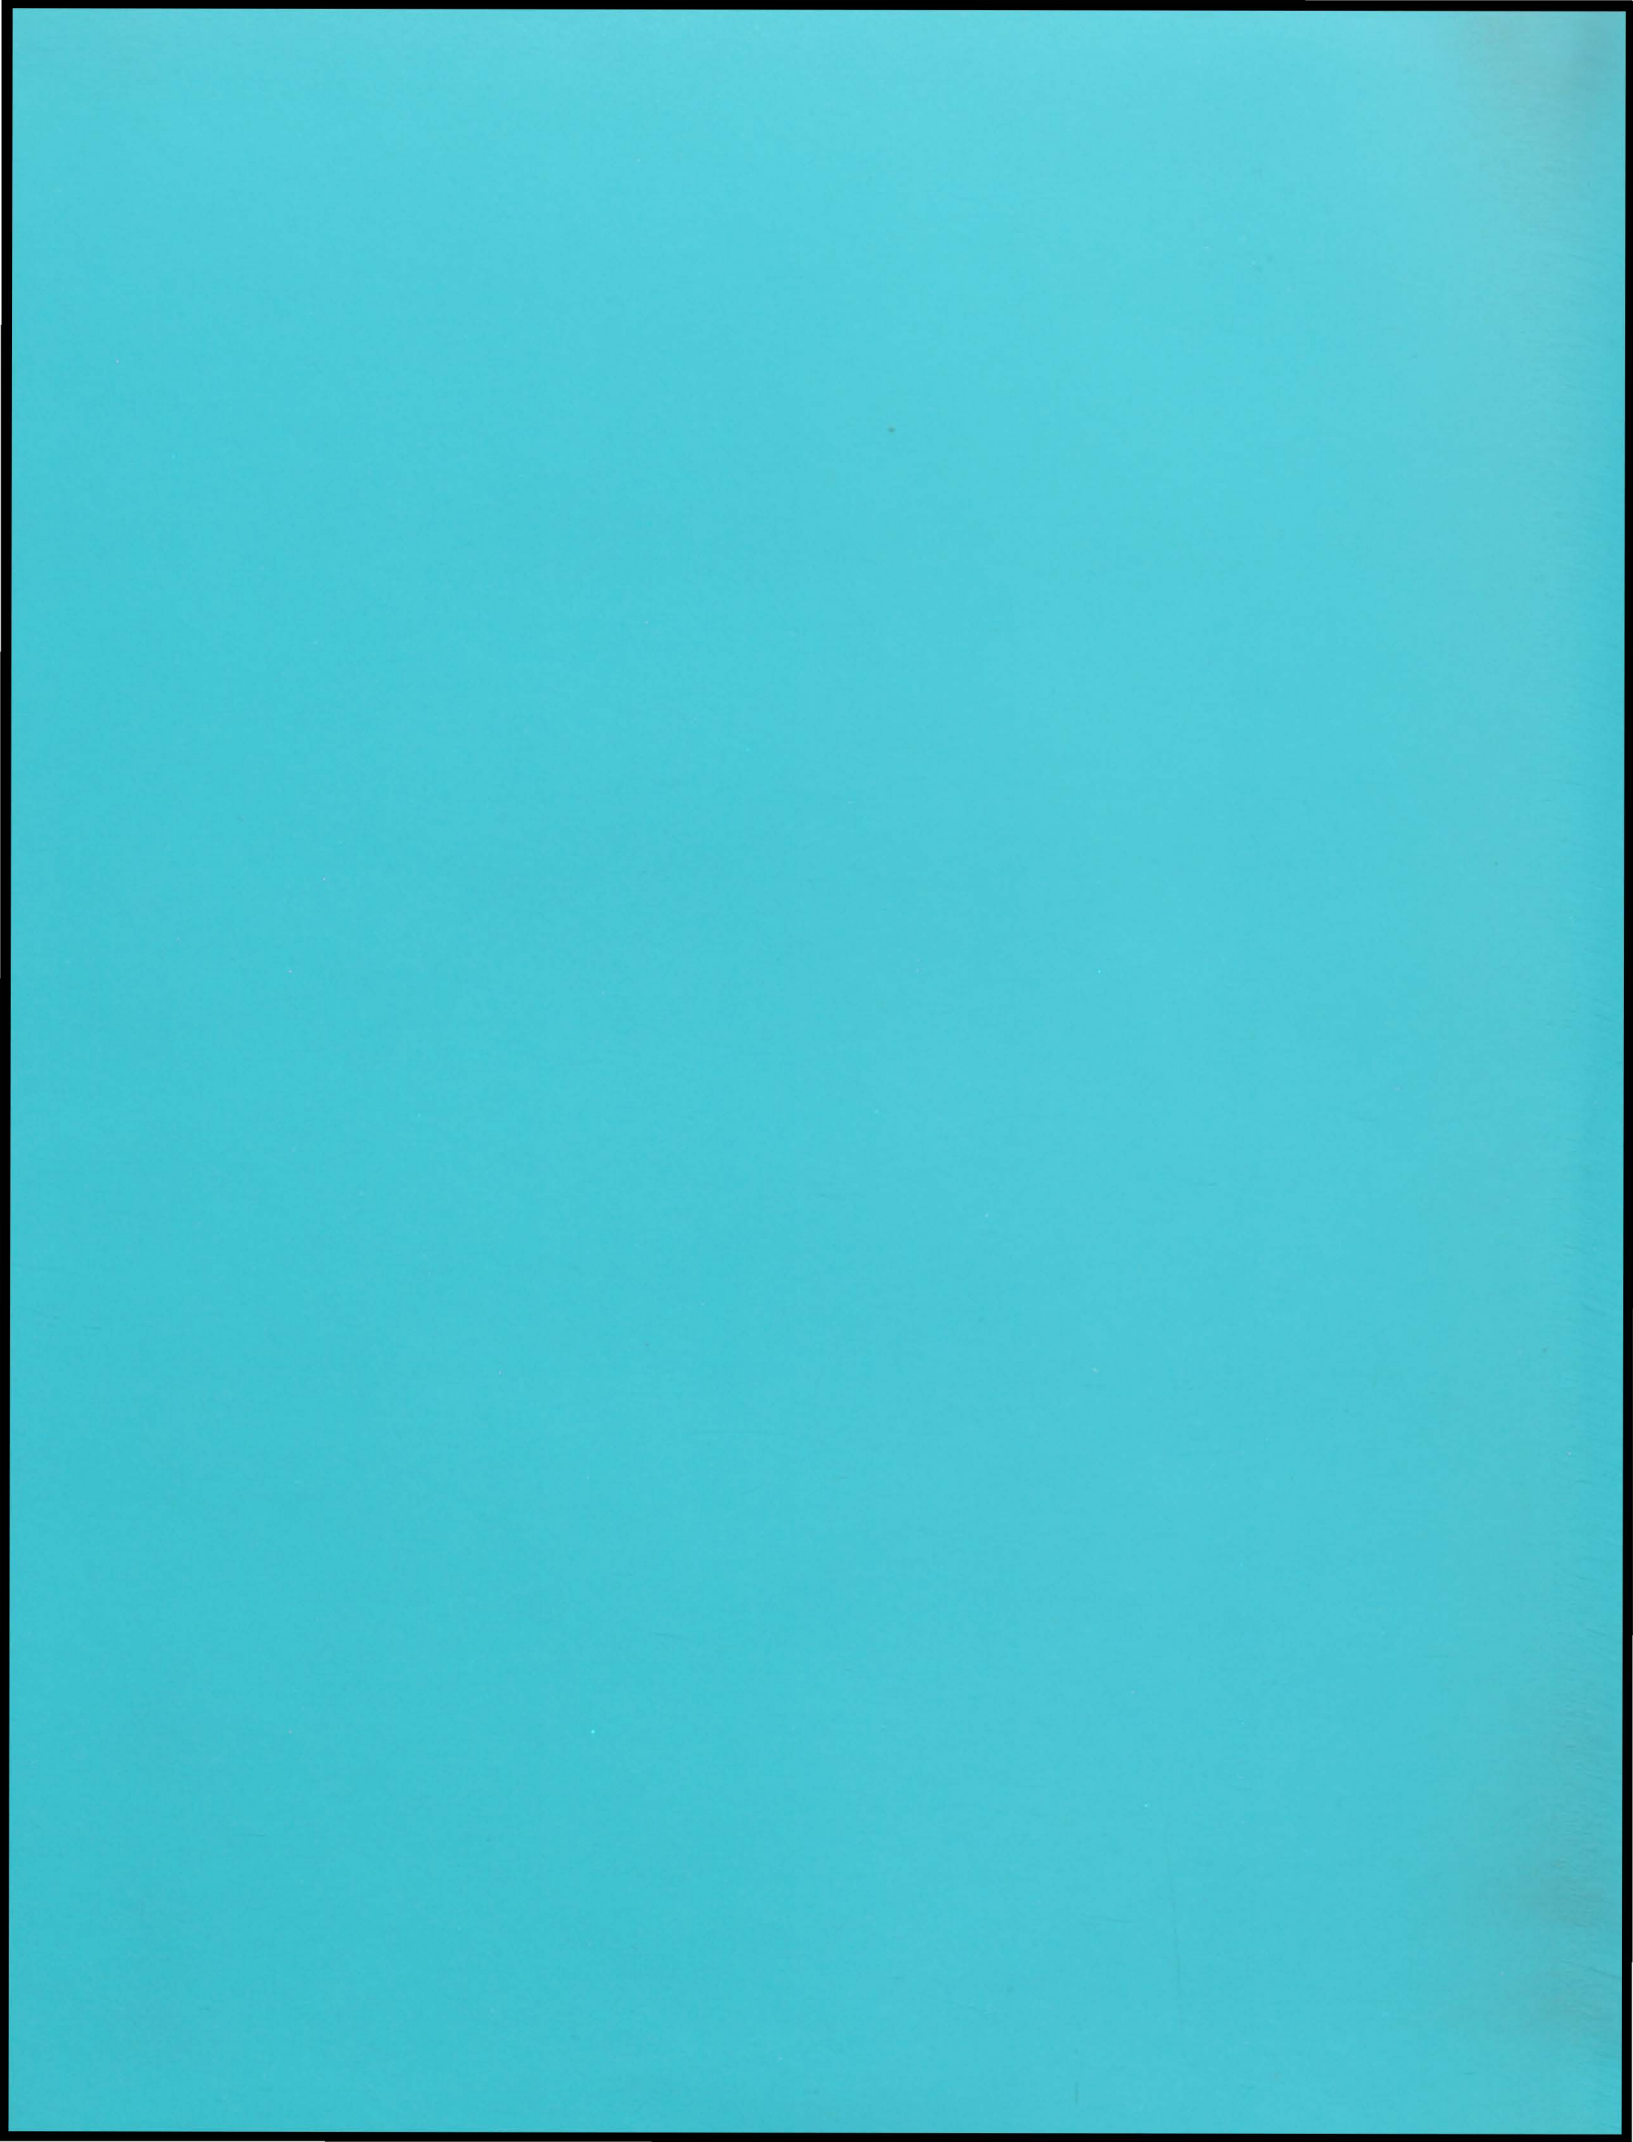

Love Always,

Victoria Marie Ochoa

2012 Editor-in-Chief

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses and income. The text suggests that a systematic approach to record-keeping is essential for identifying trends and making informed decisions.

In the second section, the author addresses the challenges of managing cash flow. It is noted that many businesses struggle with timing their payments and receipts. The text provides several strategies to improve cash flow, such as offering discounts for early payment and negotiating longer terms with suppliers. It also stresses the importance of regularly reviewing the cash flow statement to anticipate any potential shortfalls.

The third part of the document focuses on budgeting and financial forecasting. It explains how a well-defined budget can help a business stay on track and avoid overspending. The author advises that budgets should be flexible enough to accommodate changes but strict enough to enforce discipline. Additionally, the text discusses the value of forecasting, which allows a business to anticipate future financial needs and opportunities.

Finally, the document concludes with a section on tax management. It highlights the importance of understanding the tax implications of various business decisions. The author suggests consulting with a tax professional to ensure compliance and to identify opportunities for tax savings. It also notes that keeping accurate records is crucial for supporting any tax claims or deductions.
