It is the year 2015.

Frankton High School
is full of stars and each
one of us shines in our own
unique way. Our experience
here at FHS has permanently
impacted who we are
and the mark we will
make on this world.

Our future is
truly . . .

While our Principal Mr. Granger and Asst. Principal Mr. Morehead show their wild side at a basketball game...

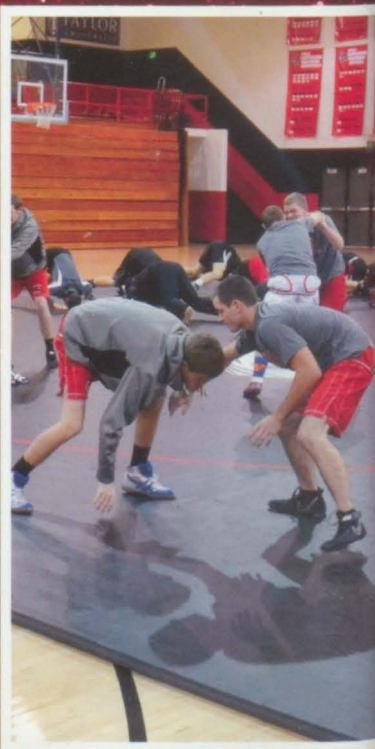

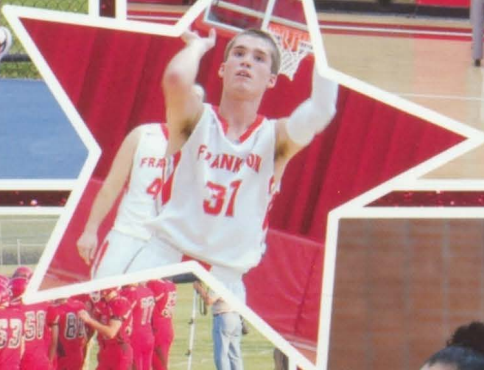

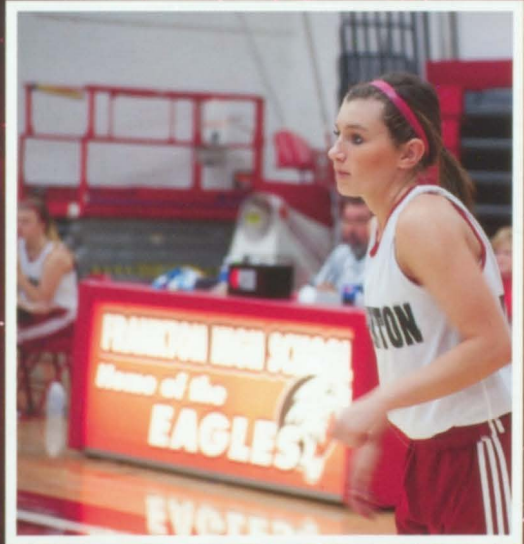

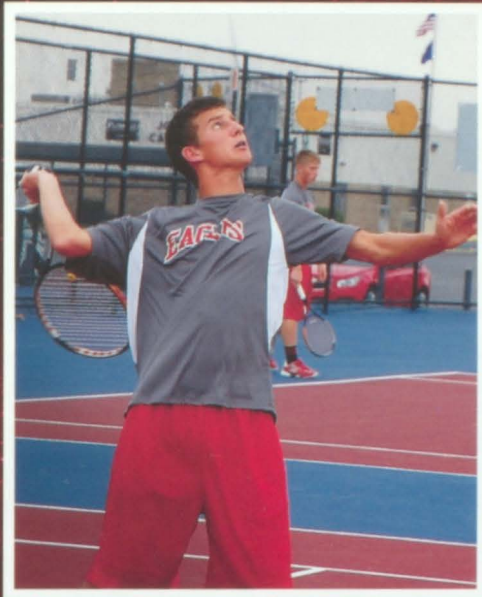

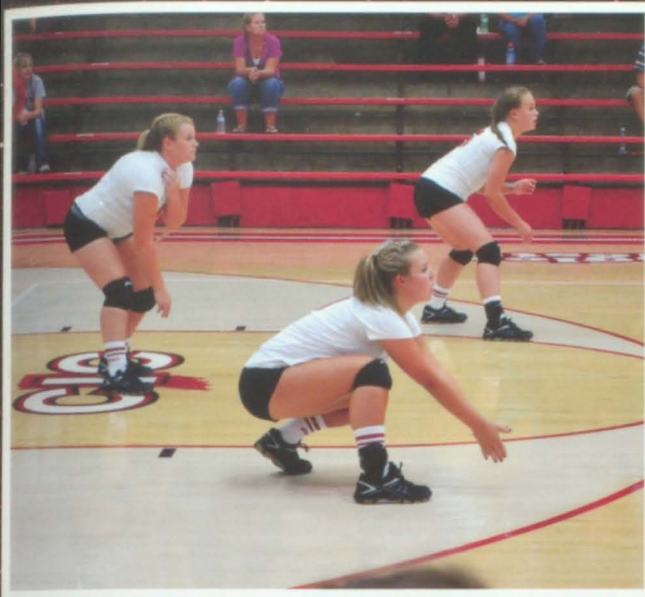

Athletic Director Mr. Abernathy is just about to join in on the silliness and our superintendant, Mr. Fields is wishing he could sit with the people who take their athletics seriously like he does!

FHS students win Trestler Award for the first time in history!

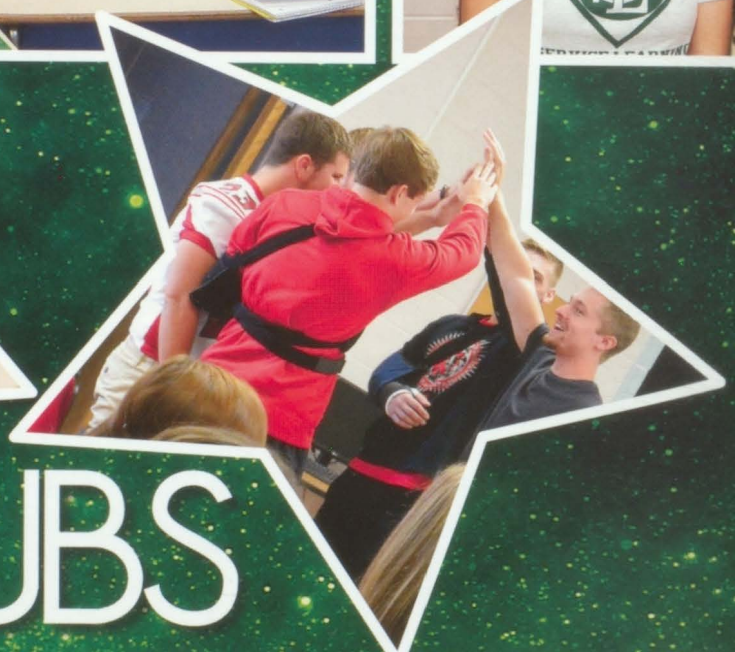

When the announcement was made that Cameron Bates was the winner of the Trestler Award at the state final basketball game, there were cheers all over Banker's Life Fieldhouse. But after a couple of seconds, when the announcer said, "And Connor Bates!" the crowd absolutely went wild!!

The recipients of this award, who are nominated by their coaches and principals, must excel in mental attitude, scholarship, leadership and athletic ability in basketball. This award is normally given to one student, but the committee decided they needed to honor both of these incredible young men.

<i>Jeff Thurston</i>	<i>Paula Balensiefer</i>
<i>Phil Davis</i>	<i>AJ Wheeler</i>
<i>Rebecca DeShaney</i>	

Outstanding students choose Outstanding teachers.

Each of these students chose a teacher to honor at this event. We asked them, "How did you choose which teacher to honor with this award?"

Elly Wood

"I chose Mrs. Balensiefer because she taught me how to expand my creative thinking in a way I didn't know I could."

Nikolays Clark

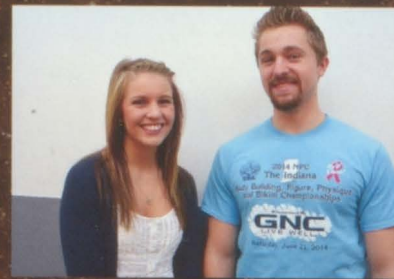

"I picked Mr. Thurstonn because he is a really good teacher and we have been through a lot together. Also, his laugh is fantastic!"

The faculty and staff of Frankton High School want to wish the class of 2015 all the best in the future.

We are very proud of you!

Spaying and neutering saves lives by reducing pet overpopulation. Microchipping and collars with tags help get lost pets home safely. Please do your part to help out. According to ASPCA estimates:

- Approximately 7.6 million companion animals enter animal shelters nationwide every year. Of those, approximately 3.9 million are dogs and 3.4 million are cats.
- Each year, approximately 2.7 million animals are euthanized (1.2 million dogs and 1.3 million cats).
- Approximately 2.7 million shelter animals are adopted each year (1.4 million dogs and 1.3 million cats).
- About 649,000 animals who enter shelters as strays are returned to their owners. Of those, 542,000 are dogs and only 100,000 are cats.
- Of the dogs entering shelters, approximately 35% are adopted, 31% are euthanized, and 26% of dogs who came in as strays are returned to their owners.
- Of the cats entering shelters, approximately 35% are adopted, 41% are euthanized, and less than 5% of cats that came in as strays are returned to their owners.
- About twice as many animals enter shelters as strays compared to the number that relinquished by their owners.
- It is impossible to determine how many stray dogs and cats live in the United States; estimates for cats alone range up to 70 million.
- Owned cats and dogs generally live longer, healthier lives than strays.
- Many strays are lost pets who were not kept properly indoors or provided with identification.
- Only 10% of the animals received by shelters have been spayed or neutered, while 83% of pet dogs and 91% of pet cats are spayed or neutered.
- The cost of spaying or neutering is less than the cost of raising puppies or kittens for a year.
