2016-'17 marks the first year for implementing our Eagle Mentor program. Students from grades 10-12 volunteered to mentor students younger than them during homeroom each week. Below is a picture of an all-school "Getting to Know You" exercise. The seniors were paired with freshmen, juniors with 8th grade and sophomores with 7th graders to ask questions and become better acquainted with each other.

Channel 6 was happy to have our Students in Action there to visit.

Mr. Pruitt said, "The history of SIA is a long one. I helped to start our service group way back when I attended high school here and the group has had many different names. It began as Key Club, changed into Service Learning Club, then to Students of Service, and finally Students in Action. There have been several faculty sponsors as well. I just took over for Mrs. Coryell. Our mission has always been the same though: Find problems in our community and then fix those problems. We do a lot more than that, but that's the central goal."

When you came into our lives at the age of eight months old, we never dreamt that you would change our lives forever. The joy of watching you take your first steps made us

realize that you will soon embark on a whole new world to discover. You had to overcome many obstacles in the past seventeen years, but you were determined to achieve whatever goals you had.

Libby, we are so proud of you and your accomplishments. We know that whatever you want to do the rest of your life, your footsteps will take you wherever you want to go. There is still another whole new world to discover beyond high school. The most important thing to remember in the days ahead is that we will be there to catch you if you

start to fall, just like we were there for your first step.

We love you Libby,
